town of Miss Hospitality, Hancock County, was placed very lovely crown on Miss Jeanette Monti, 18-year-old daughter of Mr. and Mrs. Henry Monti of Bay St. Louis Friday evening at the third annual coronation at Hotel Reed.

Also up were Miss Bonnie Farve and Miss Patsy Farve, who took second place.

Miss Hospitality, Karen Kergosien, placed the crown of flowers on the winner, Jeanette, a beautiful tall, brown eyed, brown haired graduate of SJA this month. She gave athletics as her hobby.

Also was presented the win to Alden Mauffray, chairman of the Chamber of Commerce, who helped defray expenses incurred in getting a wardrobe for competition in the State contest which will be held later this month.

There also will be several days in search for the winner, where she will be with contestants from various parts of the state for the competition before the State competition.

Four persons from out of the country were asked to act as judges in the event. There were two army majors, an owner of a modeling school in New Orleans and a businesswoman from Pass Christian.

The winner was presented with a huge bouquet of American beauty-colored peonies from Mrs. Mabel Green, secretary of the Chamber of Commerce.

Wesley Haas Candidate For Hancock Sheriff

Wesley Haas has announced his candidacy for Sheriff and Tax Collector in the August Democratic primary.

His formal statement to the voters follows:

I take this as a means of announcing to the people of Hancock County my candidacy for the office of Sheriff and Tax Collector.

On the outside, I would like to make it clear that I have not solicited or influenced by any political faction or group.

My motivation is to run for the high office of Sheriff and Tax Collector as the product of my own independent thinking, unhampered by past or present political influence.

As I have no intention of seeking a definite political affiliation, I am willing to be swayed by any pressure from clever politicians who may try upon our public support and sometimes lead them.

I certainly do not expect any returns for my services than the fees and compensation allowed by law. It is my

WORK RESUMED ON SEAWALL, ROAD

The disputed seawall repair work, in the Waveland area, was resumed Monday following a meeting of the members of the Board of Supervisors Friday.

The work was resumed with a limited number of employed and \$750 per month allowed for labor.

The area under repair is situated between Sears Ave. and Clermont Harbor. One portion of the road had been resurfaced, the other half of the damaged area had not been repaired, and the seawall rail protection on the resurfaced portion of the road had not been replaced. This was an extremely hazardous road for motorists to travel, and with the numerous vehicles that travel this road daily created a definite danger spot, with cars passing each other.

NEXT LITTLE THEATRE PRODUCTION TO BE NEXT THURS, FRI, SAT

Casting furnishes the end result of surprises in Seven Keys to Baldpate, the second play of the Bay St. Louis Little Theatre 1955 season, to be presented at the Boardman Avenue playhouse Thursday, Friday and Saturday, June 23-25. The 2 act comedy-thriller, by George M. Cohan, is produced, and directed by the mother-daughter team Kinney and Bea Smith.

The stellar cast, in rehearsal, is doing a professional job in diverse and surprise roles. Among Little Theatre favorites are Mark Slonim as "Magee", a novelist; Max Langurand as "Bland", a tough right-hand man for a millionaire; Don McCulloch, the crooked mayor; the Rev. Charles Johnson, the Mayor's Man Friday; and Roland Weston, a small town Chief of Police.

Russell Chapman appears as the president of a suburban railroad; Dr. Walter Russo, the caretaker of Baldpate Inn; and Katherine O'Neal, the caretaker's wife. Mildred Hamilton as Mary Norton, a newspaper reporter; Betty Rose, as Mrs. Rhodes, a charming widow and Jane Wiggins as Myra Thornhill, a black-mailer, provide romance and greatly enhance the comedy situations. Dr. Charles Wescom, as the Hermit, and Leo Seal Jr. as the owner of Baldpate Inn round out the cast.

The general public is welcome at any performance. Tickets can be purchased at the theatre door. Admission is \$1.25 and curtain is at 8:15 p.m.

DAVY CROCKETT DAY PLANNED AT LIBRARY

Children will celebrate Davy Crockett Day Friday at the Hancock County Memorial Library. Children eligible to attend are aged from 3 to 9 years. Each Friday morning at the library, under the sponsorship of the American Legion Auxiliary, a story hour for children is held.

Members of the Auxiliary volunteer their time to teach the children nature study, music and other studies, as well as reading and telling of stories.

200 CHILDREN RECEIVE SECOND POLIO SHOTS

Information received this morning from the Hancock County Health Department, states that approximately 200 first and second grade children had received the second shots of the Salk Polio vaccine.

The Health Department will function all this week vaccinating children, and it is hoped that all of the children who received the first of the series of three shots will return for the second. However, the Health Department will continue to give the shots as long as the serum holds out.

The first shots were administered several weeks ago, at which time about 700 county children were vaccinated.

COUNTY RED CROSS TO HOLD ANNUAL MEETING AT COURTHOUSE JUNE 22

Annual meeting of the Hancock County Chapter of the American Red Cross will be held Wednesday, June 22 at 10:00 a.m. at the Court House. There will be the election of officers, and reports for the year will be given.

The public is invited.

COUNTY BLOOD BANK OFFICERS ELECTED

The last meeting of the Hancock County Blood Bank was held June 9 with election of officers for the coming year highlighting the meeting.

James Normand was nominated for Chairman, and was elected by a unanimous vote; Mrs. James Pfeiffer was elected vice-chairman, Gene Dillman treasurer and Mrs. Mabel Green secretary.

A report was given that since October 1953 when the Bank was organized there have been 273 pints of blood used, with 116 persons on hand. Approximately 400 persons have been typed for blood.

Organizations represented in the Bank are the American Legion, American Legion Auxiliary, Masonic Lodge, Knights of Columbus and the County Health Department, represented by Dr. C. M. Shipp.

The simulated cost of the blood given to date would have cost in excess of \$3,500, with the reserve estimate at about \$4,000. Entire cost to the County through the efforts of the Blood Bank functions have been at \$801.00

LWV STUDIES TRAFFIC HAZARD AT BAY BRIDGE

In a letter written to State Highway Commissioner John D. Smith, Mrs. Gloria Osoinach, secretary of the League of Women Voters, informed the commission that one of the projects of the League this year was the study of traffic hazards.

After careful consideration the League felt that one of the major hazards is the signal light at the west end of the highway bridge across the Bay of St. Louis.

Several accidents have resulted from the light being indiscernible to motorists traveling at a fast rate of speed until it is too late for them to stop. The League advised Smith that in their opinion a caution blinder, signal or sign at Second St. and the Highway would remove this hazard by preparing motorists of the light signal at the beach.

A second hazard felt in need of correction by the League is some type of alert for motorists traveling from the east to the west crossing the bridge, so that the rate of travel through Bay St. Louis would be at a reduced speed, and also the need of a turn arrow for vehicles coming off the bridge and turning into Bay St. Louis.

His official statement to the voters follows:

To the People of Hancock County:

I wish to use this means of presenting to you my candidacy as Sheriff and Tax Collector of Hancock County for consideration at the Democratic Primary on August 2, 1955 and in so doing to better acquaint myself, my qualifications, and my platform to you.

I, like my mother and father, was born in Hancock County, educated in its public school and Perkinson Junior College and have resided in Hancock County all my life. I served as Constable of Beat Four and Deputy Sheriff for approximately 7 years. I am 40 years old, married and the father of five (5) children ranging in age from 6 to 18. I am a veteran of World War II, having served most of my time overseas.

Second Book Review In Library Series Set For Next Wednesday

The second book review in the series offered by the Memorial Library will take place Wednesday, June 22 at three o'clock at the Library. The Rev. Schuyler Batson will discuss the best-seller novel, "Love Is Eternal" by Irving Stone.

This book review will present to its listeners a marvelous combination of good speaker, good writer and good subject matter.

"Love Is Eternal" tells the poignantly beautiful love story of Mary Todd Lincoln and her immortal husband, the 16th president of the United States.

It is not necessary to subscribe to the three reviews in order to attend. Tickets may be obtained at the library on the day of the review. Admission is \$1.00.

RECEPTION HELD FOR NEW PASTOR OF OUR LADY OF GULF

A public reception welcoming the Right Rev. Msgr. Michael J. McCarthy as pastor of Our Lady of the Gulf Church was held Sunday evening in St. Joseph Memorial Hall.

Among those seated on the stage with Rt. Rev. McCarthy and his assistants, Revs. Taylor, Robinson and Leonard, and extending an official welcome to the new pastor, were: Hon. A. C. Mitchell, Clerk of Courts and E. E. Breland, County Supt. of Education representing Hancock County; Hon. John A. Scafide, Mayor of the City of St. Louis; Rev. Robert Pung, St. Augustine's Seminary; Brother Linus, Saint Stanislaus; Rev. Charles R. Johnson, pastor Christ Episcopal Church, representing all Protestant Churches of Bay St. Louis.

Rev. Hugh Taylor, acting as toastmaster, also extended a hearty welcome in the name of Mother Superior Anna Mary of St. Joseph Academy and the Oblate Fathers of Pine Hills.

Following these addresses of welcome, Monsignor McCarthy extended his sincere thanks to all, and promised to do all in his power to earn the love and admiration of his congregation and the entire community, as did his illustrious predecessor, the late Monsignor Andrew J. Gmelch.

Monsignor McCarthy was appointed Pastor of Our Lady of the Gulf Church, by Most Rev. Bishop Richard O. Gerow, on June 1st to succeed the late Rt. Rev. Msgr. Andrew J. Gmelch, who served as pastor here for thirty-seven years. For the last several years, he has served as pastor at Laurel, Miss.

Gex Answers Questions About Hospital Management

Smith Candidate For Highway Commissioner

JOHN D. SMITH
CANDIDATE FOR
HIGHWAY COMMISSIONER

An open meeting of members of King's Daughters Hospital, the board of directors was held on Monday morning at the hospital. An agreement with several members of the press and writer J. Guy Jr., Board member, was made to answer certain questions pertinent to the management of the hospital.

These questions and answers were to be printed as submitted.

The following are the questions submitted together with their answers:

TO THE EDITORS OF THE BAY ST. LOUIS NEWSPAPERS: THE SEACOAST ECHO, THE HANCOCK EAGLE & THE LIGHT

As you all know, I have been appointed a new member of the King's Daughters & Sons Hospital Committee and appointed Counselor for Committee.

The first meeting after appointment was Monday, June 11, 1955; there was present in addition to members of the Committee, a representative of the LIGHT, Mrs. Jeanette Carmichael, Mr. Stan Oplotowsky of THE SEA COAST ECHO, and one of our members, Mrs. Bess Wagner. There was a full discussion of Hospital Operations, and a motion made and carried that By-Laws be drawn up by the local chapter in the scope of the International By-Laws.

This will be done and submitted to the Committee and Mrs. Wagner, who was appointed to the By-Laws Committee. And will be passed on by the full Committee at its next regular meeting.

It was further agreed that the press of Bay St. Louis be privileged to submit written questions to me, as Counselor for our board, and I would give written answers. The following questions were submitted and by answers for the Board follow each question.

Mr. Oplotowsky's Question:
How long have you been a member of King's Daughters organization?

Ans. More than 15 years.

When were you elected to the BOARD and by whom?

Ans. I was appointed by the President, approximately the last week in May, 1955.

Whom did you replace?

Ans. Mrs. Rita Boh.

Why did Dr. Samuel resign as consultant?

Ans. Dr. Samuel's letter to the board states that he resigned because of ill health.

What efforts will be made to get him to return?

Ans. He will be requested to return as consultant.

Will another consultant of equal stature be sought, if Dr. Samuel refuses?

Ans. The board will be governed by the desires of the Medical Staff.

Have there been audits of the books in the past?

Ans. No.

Will there be in the future?

Ans. Yes.

What reports will be made public?

Ans. Annual report will be published.

Will the public be admitted to board meetings?

Ans. No, only members and the press, of course, it is understood that the board will be happy to have suggestions from any interested party.

Why have not charity reports gone to Maurice Artigues, one of the trustees?

Ans. I am informed that Mr. Artigues has refused to sign any charity certificate unless he investigated the case before admission, and since this is utterly impossible, and since he would not sign under any other condition, the other two trustees, which is all that is required under the law, have passed on the application.

What will be the procedure in the future?

Ans. Mr. Artigues can examine the certificates when they are presented to him as has been the custom of the trustees in the past and either approved or rejected.

The Board of Supervisors recently authorized additional time to the county to file the annual audit.

What is the estimated amount of money to be spent for the audit?

Ans. The amount will be determined by the auditor.

What is the estimated amount of money to be spent for the audit?

Ans. The amount will be determined by the auditor.

What is the estimated amount of money to be spent for the

LETTERS

The time of completing the 3134 of the Mississippi Code that says in the months of May, June and July of an election year no more men may be hired than were on the payroll during the same months of the three preceding years.

There is no reason to have stopped this work at all. The minutes of the Board show no record of having stopped the work. The law says it may continue at its normal pace.

When the majority of the Board in 1953 wanted to take the seawall from my supervision and fired my foreman, Malvin Ladner and his crew, I couldn't stop them. When I took office in 1954 the Seawall fund had only \$1000, but when it was taken from my supervision in 1953 it had approximately \$73,000.

If you recall, it was taken from my supervision at the time of the Wood Preservative investigation.

Why did the Board stop this work a few weeks ago? Was it because they had too many on the payroll just before an election to be within the limit of the law?

There is a law under Section 3134 of the Mississippi Code that says in the months of May, June and July of an election year no more men may be hired than were on the payroll during the same months of the three preceding years.

If I am elected, I intend to serve the people of my county in an efficient, courteous and unbiased manner. Even though the Sheriff is the chief law enforcement officer in the County, he is still a servant of the people who elect him to the office, and he should never hide behind his badge and the cloak of the law, in order to further his own personal gain, whether it be financial, political or otherwise.

Very often I have noticed the long lines and overworked condition in the Sheriff and the Collector's office during tax paying time. If elected, I plan to have all tax receipts written out in advance in order to eliminate the long waiting lines. I feel that this can be done with extra clerical assistance during tax paying time.

It is also my intention to have a limited number of efficient deputies sufficient in number, however to enforce the law of this state and county and to give proper protection to all of our citizens. No deputy will be allowed to usurp or encroach upon the duties delegated to the State Highway Patrolmen. I believe they can adequately take care of their job. However I shall certainly support them in the enforcement of the traffic laws and render them assistance when it is requested by them. By the same token, I shall in no way aid any one who violates the law or attempts to evade the processes of law.

As we all know there is a statewide assessment on all automobiles of a particular make and model which is fixed by the State Tax Commission. When any given county applies its millage against this standardized assessment, it works hardship on the people of that county if that county's millage is high. It so happens that ours is high and I feel that an undue burden is placed upon the automobile owners. I hereby pledge my support to any movement that will bring about a change in the law which help to lighten this burden.

To those of you who do not know me personally, I would like to state that I am 27 years of age and a lifelong resident of this county. I am the son of Mrs. Viola Haas and the late Renaldo Haas. I was born and reared in Kiln and a graduate of Kiln High School. I am married to Myrtle Ladner, a well known former resident of Waveland and we have one child and are residing in Beat 5 of this county.

For the past 7 years I have been working for the Coast Electric Power Association (REIA) of which I have just recently resigned my duties to run for this high office. I intend to make a very active campaign and will endeavor to see personally every voter in the county.

I shall sincerely appreciate your consideration of my candidacy and ask that you remember me when you cast your ballot in the Democratic primaries in August.

Respectfully submitted,

WESLEY L. HAAS

full responsibility lies with the Board which has been conducting the work. Last year the Board could have hired 500 men to complete the work—but, the law says in these three months just before an election the work cannot be stopped up.

The Board admits this money for repair work has been available since 1953.

I have been honored by my

Chairmanship of the Commission.

An investigation of my record of
service will disclose that I have
served to merit the confidence
they have placed in me. While
presiding over our highway Com-

do so efficiently with courtesy
and in fairness.

When you have given due considera-
tion to my efforts to serve you, and you honor
me with reelection you can de-
pend upon me to continue to

give you an honest, fair and ef-
ficient administration of the af-
fairs of your State Highway De-
partment.

Our Highways have become

very important to us. Our way
of life depends upon the swift
and economical movement of
goods and people from place to
place. Until the war clouds dis-
appear this swift and economical
transportation would mean the sur-
vival of our country—lack of it
could mean total destruction. Over
our highways are carried in vast
amounts all of the things which
are essential to human living—
food, shelter and clothing.

The progress we have made during

the last five years in the de-
velopment of our highway system

has been phenomenal. Our rating

is near the top in comparison

with the other states of the coun-
try. During this period in the

Southern District we have con-
structed and paved 883 miles of

new roads. We have repaired and

resurfaced 513 miles of old roads.

We have rebuilt and paved 61 miles

of old worn out two-lane

highways with new two-lane

highways. We have rebuilt and

paved 18 miles of old worn out

two-lane highways with new four-

lane highways. We have under

construction this year 200 miles

of new roads, and we are paving

this year 65 miles of new roads.

At the end of this year we will

have a total of 2315 miles of paved

highways in the Southern District.

If you will continue to allow me

to serve you in this important

position, I will devote my entire

time and effort to the problem

of building and maintaining high-

ways and bridges that will be a

credit to our state and will ade-

quately serve the highway users.

We have a very fine and far

sighted highway program at this

time. I have had a part in se-
curing this program which en-
ables your highway Department to

construct new highway every year.

I covet the privilege and the hon-
or of being allowed to continue in

the work we have under way.

Our Federal Government in

Washington is now planning the

largest highway program that has

ever been launched in the his-
tory of our government. We are

confident that it will pass the

Congress before the end of this

year. The knowledge I have gained

through these years of earn-
est, prayerful study, observation

and experience will enable me to

render the greatest possible ser-
vice to the people of the South-
ern District of our wonderful State

of Mississippi.

Your Highway Department is

now being operated on an eco-
nomical basis. It is our policy to

strive to get a dollar's value for

every dollar we spend. We in-
vite you to visit with us, and we

especially urge you to check with

our State Auditor and the

Investigating Committee of the

Legislature as they audit and in-

vestigate our Department annual-

ly.

I feel sure that you will not

want to make a mistake in the

selection of your Highway Commis-
sioner. Look carefully into our

education, training, experience, in-
tegrity, character and reputa-

tion before you cast your vote.

I have served you honorably,

efficiently and faithfully. I want

to continue this type of service;

and it is with this ambition in

my mind and heart that I ask

for your vote and influence and

continued cooperation in making

the highway system of Mississippi

second to none in our great

country.

Sincerely yours,

Yours truly,

D. P. Orte

for
SHERIFF
and
TAX
COLLECTOR

In all my talks and announcement, I have tried to make it clear to the voters of my County that I am seeking election to the office of Sheriff and Tax Collector, on the basis of my record of public service as a tried and proven successful County official, as evidenced by my twelve years of serving you as a Member of the Board of Supervisors.

However, a number of my opponents have mentioned their military service record as part of their qualifications, and while I want it distinctly understood that I do not feel that a military service record alone qualifies one to hold public office, yet on the other hand, since a number of my friends have inquired as to why I have not made a statement as to my own record of military service, I feel that in all fairness I should make it known.

In 1915, when many European countries were at war, and it was thought by all that the United States would most certainly become involved, nine College students, of whom I was one, organized a Troop of Cavalry of the National Guard of Louisiana, this volunteer troop being made up mostly of Jesuit, Loyola and Tulane students. We rented a barracks on Poydras Street, in New Orleans, paid our own expenses, drilled and went through all regular military training without any compensation from the United States Government.

We prepared our unit for service, in the event our government entered the war, and continued this preparation for more than a year. In order to meet our expenses, we put on shows at the old Dauphine Theatre in New Orleans, while some of us quit school and went to work in order to make enough money to keep the unit together.

Finally, in 1917, when the United States entered the War, we were immediately mustered into Federal service, each of us then receiving the "enormous" sum of \$15.00 monthly. Certainly not an amount which could be considered attractive financially, but we wanted to serve our country. I served with my unit in France, and as a whole spent more than three years in military service, during World War I.

During World War II, when I tried again to enlist I was rejected because of injuries received during World War I. However, I was accepted for volunteer Coast Guard service, and served in that capacity throughout all of World War II, without compensation. I also donated the use of my boat for Coast Guard auxiliary service.

I have been an active member of the American Legion for 35 years, and am also a member of the Forty and Eight, and of the Veterans of Foreign Wars.

As I have already pointed out, although I am not of my war record, I do not feel that it in any way qualifies me to hold public office; I say, however, that the same motives which caused me to volunteer for service in two wars are the same motives which have prompted me to seek the office of Sheriff and Tax Collector of Hancock County—that is, a desire to render service and benefit to my fellow citizens, and I believe that my years of experience as a business man and as an office holder qualify me for that office.

I earnestly request that the people of Hancock County support me in my desire to be your sheriff and tax collector in the August 2nd Primary, to be held on August 2nd.

Sincerely

ED P. ORTE

is going to reforest our idle land by more than plant trees and stop the fire out. The main idea is to have enough seed trees or new supply will re-plant the land without planting it by hand.

We have a Forest Marketing Act which helps to protect the individual and others so his land will not become idle or a forest crop.

It is stated in the law of 1944, ch. 240, No. 3.

A. That no person, partnership, firm association or corporation shall cut, authorize, direct or assist in the cutting for commercial purposes any pine trees unless there is left standing on each acre of forest land being harvested at least four pine seed trees of ten inches or more in diameter, except as hereinabove provided.

B. No person, partnership, firm association, or corporation shall cut, contract to cut, authorize direct, or assist in the cutting for commercial purposes any pine tree under ten inches in diameter, one hundred (100) or more well distributed pine trees four inches or more in diameter or at least four pine seed trees of ten inches or more in diameter. Provided, however, that an operator may submit to the enforcing agency an acceptable plan of management which will assure continued productivity of the area to be harvested in lieu of the above provision.

Also stated in the law of 1944, ch. 20, No. 6.

All trees left for seed trees in compliance with the provisions of this act shall be thrifty trees of desirable species with well formed crowns, uninjured.

In Hancock County during the past week there has been two convictions, each being fined \$58.75.

TREE SEEDLING APPLICATION TO COMMENCE JULY FIRST

Anyone desiring tree seedlings from the Mississippi Forestry Commission for next season's planting is urged to submit his seedling application as soon as possible beginning July 1.

Applications will be accepted until November 1, or until the seedling supply is exhausted, whichever comes first. Orders will be filled on a first come, first serve basis, according to the date application is received.

Seedling species available will be slash, longleaf and loblolly pine, yellow poplar, bald cypress, red gum, green ash, Arizona cy-

pus, cottonwood, red oak and black locust.

There will be a charge of thirty-five cents per thousand on all seedlings for transportation from the nursery to the county seat.

Each landowner is entitled to 2,000 free seedlings. All seedlings above 2,000 will cost \$3.50 per thousand, plus transportation charges.

Applications may be filed in Hancock County with the Area Forester.

In 1948, the Lions Club of Mississippi sent the Grenada High School Band to the International Convention. In 1950 the first all-state band selected from outstanding students of the state was organized. This group, trained at State College under the direction of Roy M. Martin, then band director at Greenwood.

The following year Martin again directed the band that trained here before the convention in Atlantic City. In 1952, the band, under J. Miller, College under the direction of Harry F. Dennis, who followed Martin as band director at Greenwood, and attended the convention in Mexico City.

Dennis again directed the band in 1953 when it trained at Ole Miss for the convention in Chicago. Last year the band trained at Mississippi Southern under

CHURCH
ACTIVITIES
NOTES

BY MARYJOAN R. SCHAFFNER
OF THE CATHOLIC CHURCH

However, make your pasture grazing go further. Do not feed horned cattle. Get rid of these blood-sucking pests.

You can do this with a home-made backrubber, with which the cows can treat themselves, or especially on dairy cows, you can spray them only.

See your county agent for information on building, treating and locating a homemade backrubber. See him also for specific information on insecticides to use and how to use them for horned control.

FIELD DAY

A joint field day at the U.S. Sugar Plant and Horticultural Field Stations near Meridian will be held June 21. This is a joint effort with the Mississippi Seedmen's Association, Extension, Research and USDA cooperating.

The field day will feature illustrated results of experiments and tours.

Crops, test plots and facilities to be observed on the tours include pecans, chestnuts, bunch and muscadine grapes, sweet corn, lime beans, sweet potatoes, sorghum, sugar cane, Irish and sweet potato storage, pecan grading equipment, pecan tree shakers, sorghum and sugar cane syrup making facilities.

INSECTICIDES.

Insecticides are poisonous. Treat them accordingly. Remember, almost anything that will kill an insect can, if improperly or carelessly used, kill a human as well.

Livestock are also killed through carelessness with insecticides.

In any case of poisoning, prompt treatment is necessary when the first symptoms are noticed.

In case of human poisoning from insecticides, first try to identify the poison. Give adequate amount of specific or general antidote as soon as possible. Empty stomach. CALL A DOCTOR.

However, prevention of poisoning is far better than a cure. Keep insecticides out of reach.

WORKSHOP IN ECONOMIC EDUCATION

WEDNESDAY, JULY 13-14
The Fourth Mississippi Workshop on Economic Education will be held on the campus of the University of Mississippi, July 13-14.

Many scholars in the work shop, covering all aspects of agriculture, transportation, have been provided through the generosity of Mississippi business and firms in cooperation with the School of Education and the School of Commerce and Business Administration at the University. Membership in the workshop is limited to holders of these scholarships. They are available to public school teachers and administrators from every section of Mississippi. Graduate credit at the University for participation in the workshop may be arranged by those who wish it.

Persons interested in applying for a scholarship should write Dr. William T. Hicks, chairman of the department of economics and business administration, University of Mississippi.

The workshops were begun at the University in 1952 for the purpose of increasing knowledge and understanding of the American economic system among the people. They seek to achieve this by providing school teachers and administrators with intensive training in American economic and business institutions and by helping to develop classroom materials and methods to present economic information effectively to students in the public schools.

The program this year will include nearly thirty outstanding business leaders, bankers, educators, and public officials from Mississippi and the nation as speakers. Present will be Dr. Derwood Baker, professor of education at New York University and director of the Joint Council on Economic Education which sponsors the workshop nationally.

Lang of Pass Christian and Miss E. Kunz of Long Beach.

Attending from the local parish council were Miss Kathleen Renshaw, Mmes. Emily Lacoste, Charles G. Moreau, Alden Maufay, W. L. Argus and Bernice Fayard.

Next deanery meeting will be held in Long Beach in September.

Jerry Kiefer, son of Mr. and Mrs. Frank Kiefer, left Monday for Camp Chaffee Ark. where he will be in boot training. He enlisted for three years in the Army Intelligence Corp.

The producers of natural gas lost no time. Their operations are twenty-four hours a day the year round... and they find more each year than is used. Despite soaring costs for exploration, drilling operations, the producers continue to insure an ample supply for the future.

As in other industries, adequate supply means lower cost to the consumer. That's another reason why, in the interest of more than 10 million natural gas consuming families in America...

...this is a search that must never end.

Miss Faye Marie Rouchon, a bride-elect of August 27 will be married in St. Joseph Church, Pearlington, to Mr. David Grannan Seller, son of Mrs. Elzie Seller and the late Mr. Elder Seller. Her engagement is announced by her mother, Mrs. Herman Jones.

GILMER-KENNEY

A prominent wedding of Thursday was that of Miss Irma Marie Louise Kenney, only daughter of Mr. and Mrs. Leo Ellsworth Kenney of New Orleans and Bay St. Louis, and Mr. Peachy Ridgway Gilmer Jr., son of Dr. and Mrs. Gilmer of Shreveport. The nuptials were solemnized at 4 o'clock in the afternoon at the Church of the Most Holy Name of Jesus with Father George Herbert officiating.

The altar was banked with fan-like arrangements of tall lilies, gladioli and peonies. At the Communion Rail were tall standards of similar blooms.

The bride was given in marriage by her father, Leo Ellsworth Kenney. She wore a gown of candlelight satin and chantilly, fashioned on princess lines. The closely moulded bodice was made with a scoop neckline, heavily embroidered in seed pearls. The long lace sleeves were of Chantilly, ending in points over the hands. The full, flowing skirt had graduating and alternating panels of satin and lace, ending in a full, cathedral train. Her fingertip veil of imported French illusion was attached to a scalloped coronet of matching Chantilly lace edged with seed pearls. She carried a spray of white orchids and lilies of the valley. Her only ornament was a diamond pendant, an heirloom of her maternal grandmother.

Miss Dorothy Robertson was maid of honor. The other attendants were Mrs. Crawford W. Long, Misses Ethel Laure DeFrantes, Elizabeth Hogge, Joan Hartel Carter and Nancy McCullough of Shreveport. They were gowned alike in frocks of mint green summer taffeta. The sculptured bodices, with a V neckline, were made on long torso lines. The bouffant skirts were patio length and their slippers were of corresponding mint green. They carried sprays of white sweetheart roses with trailing English ivy. In their hair were coronets of ivy.

Dr. Gilmer was his son's best man. The groomsmen were Messrs. John William Bryan Jr., James J. Bryan, Crawford W. Long, all of New Orleans; William Archie Hayes of Shreveport; William Baker of McComb.

Ushers included Messrs. Richard Jaubert, Donald S. Jewett, Robert LeCoutre of Luling, La., and Myron F. Weiner of Fort Worth, Texas.

A reception followed the ceremony at an uptown center. Arrangements of magnolia and magnolia leaves were used to decorate the reception rooms.

Mother of the bride, Mrs. Kenney, received her guests in a dress of shades of roses, silk organza with batéau neckline outlined with a wide band of iridescent. The skirt was flared and patio length. Her matching hat was of silk tulle of corresponding shade with a spray of similar colored flowers. The matching slippers were of nylon lace. She wore a single orchid of delicate blush pink.

Mrs. Gilmer, the bridegroom's mother, assisted in receiving. She was attired in a gown of grey lace and peau de soie. Her hat was fashioned of lilies of the valley, and she wore grey satin sandals. Her corsage of lilies of the valley was pinned to her hat.

The young couple left on their honeymoon by plane for Sea Island, Georgia. The bride travelled in a two-piece suit of sky blue linen, heavily embroidered in white, made with sheath skirt and short-sleeved jacket. Her small beaded hat was of white as were her accessories. She wore a corsage of white orchids. On their return, they will be at home at 1644 Coulter St.

The bride is a graduate of St. Louis Academy and Gulf Park College. She received her Bachelor and Master of Music Degrees at Louisiana State University. She is a member of Alpha Omicron Pi, Sigma Alpha Iota, honorary music fraternity; Student Government; Phi Kappa Phi, Honorary Scholarship Fraternity.

Mr. Gilmer is a graduate of New Orleans Military Academy, at
